

AI FITTRACK API

Technology Stack

Technologies identified from submitted source

TEAM ID	SWTID-2026-7021
TEAM	Baranivel K (Leader); Ramesh M; Srikanth M; Nandhakumar S; Chandru S
DATE	30 September 2026

Backend

Node.js, Express.js, JavaScript with CommonJS modules.

Persistence

MongoDB via Mongoose; User and Workout schemas define validation, timestamps, and references.

Security

jsonwebtoken, bcryptjs, dotenv.

AI

Google Gen AI SDK (@google/genai). Recommendation model reads GEMINI_MODEL; insight code selects gemini-2.5-flash.

Supporting

cors, morgan, nodemon, npm, and Postman collection. Exact dependency versions are resolved by package-lock.json.
