

AI FITTRACK API

Sample Project Documentation

Project summary and quick reference

TEAM ID	SWTID-2026-7021
TEAM	Baranivel K (Leader); Ramesh M; Srikanth M; Nandhakumar S; Chandru S
DATE	30 September 2026

Identity

AI FitTrack API; Team ID SWTID-2026-7021; Leader Baranivel K; Members Ramesh M, Srikanth M, Nandhakumar S, Chandru S.

Abstract

Node/Express REST API for accounts, user-specific workouts, search, and Gemini-generated recommendations/insights using MongoDB/Mongoose.

Modules

Authentication, profile, workout CRUD/search, AI, database, JWT middleware, centralized errors.

Routes

/api/auth/register, /api/auth/login, /api/auth/profile; /api/workouts, /api/workouts/:id, /api/workouts/search; /api/ai/workout-recommendation; /api/ai/fitness-insights.

Security

Bcrypt password hashing, JWT-protected routes, owner-scoped workouts, environment secrets.

Boundary

No frontend, deployment URL, screenshots, test report, or measured performance results in source ZIP.
